

To our NCBE contractor members:

Whether you need tools or can donate tools, please read below about our

## TOOL REPLACEMENT PROGRAM

The devastating fires in the North Bay cost thousands of people their homes and we've learned recently that many had their livelihood affected as well, particularly NCBE members and others in construction. We've heard from people throughout the building industry that the fires destroyed not only their homes, but their tools as well.

We want to help them (and you, if you suffered a loss of tools). **PLEASE TAKE A FEW MINUTES TO ANSWER THE QUESTIONS BELOW** so we can quickly match up builders who need tools with the donated tools we receive.

If you have tools to donate, don't drop them off at our NCBE headquarters yet. We will get back in touch with you soon to give you details on how we will distribute them quickly to those in need.

Please reply to this e-mail and give short answers to the questions below. Send your response to [membership@ncbeonline.com](mailto:membership@ncbeonline.com)

1) Do you need tools/equipment to replace what you lost in the fires?

Yes \_\_\_ No \_\_\_

2) If "Yes", describe the tools/equipment you need to replace:
