

NCBE WORKERS' COMPENSATION & SAFETY PROGRAM

The following programs/services are available to NCBE members. Contact Hallie Fraser, (707) 542-9502, for more information.

Group Workers' Comp Program

Partnered with State Fund (SCIF). Members receive a 6% discount.

2 - Volume Guide to Cal/OSHA Compliance

Available at no cost to group workers' comp participants. Contains template programs for IIPP, Hazcom, FPP, EAP, multiple forms and checklists to assist employers with creating the basic OSHA-required programs.

Consultation Services

Available at no cost to participants in group workers' comp program.

- ♦ Assessment of safety program, assist with implementing program, up to and including writing it.
- ♦ Site safety inspections
- ♦ Cal/OSHA regulatory assistance
- ♦ Coordinate SCIF Loss Control assistance
- ♦ Provide training assistance

NCBE Safety Hotline

(707) 542-SFTY. Phone number dedicated for workers' comp and safety questions.

SafetyTimes

Value-added service for participants in group workers' comp program. Bimonthly publication intended to provide updates on safety regulations/information and workers' comp issues. Includes one tailgate topic in English and Spanish as an insert.

PROGRAMS & SERVICES AVAILABLE

Tailgate Topics

Monthly pages in our *Building News* contain two tailgate topics that employers/supervisors can cut out of the paper and use for their tailgate safety meetings. New topics created regularly, currently up to 85 different topics. All topics now on NCBE website in English and Spanish.

Seminars

Intro to Cal/OSHA (every two months), CPR/First Aid, 10-hour OSHA Course, Back Injury Prevention for Supervisors, Workers' Comp 101, Workers' Comp Fraud, Forklift Operation, Fall Protection, Confined Space, etc. Reduced cost for participants in group workers' comp program.

Website

Website dedicated to NCBE's Workers' Comp & Safety efforts (www.ncbesafety.com). Includes all issues of the *SafetyTimes*, tailgate topics in English and Spanish, workers' comp and safety news, frequently asked questions, etc...

Articles in *Building News*

Various articles regarding Cal/OSHA regulations and workers' comp, intended to update members on changes, new items, costs and informational articles.

Video Library

Videos available for rental (free) – Currently stock 51 topics, English and Spanish.

Reference Library

Safety and Workers' Comp pamphlets, books, regulatory information, all tailgate topics and past *Safety Times* available for members review and copying.

Posters

Provide posters that comply with State and Federal posting requirements. Members are charged (at a discount) for this service. One poster set per year free for group workers' comp program participants.

Other Reference Materials

Cal/OSHA Pocket Guide, regulatory references, pamphlets, booklets, etc...

Safety Awards

Group workers' comp program participants with zero losses for policy year receive an award and get their name listed in a special section of the *Building News*.

Safety Review

Yearly assessment of losses for all accounts in the group program. Accounts with high losses are offered additional assistance with their safety efforts.

Workers' Comp - Claims

Participant calls to request assistance with a particular claim or claims. Do a claims review once per year, prior to unit stat to ensure reserves are adequate.

Workers' Comp - General

Participants/members call (707) 542-SFTY to ask general questions about workers' compensation.

Expanded Template Programs

Contains template programs for confined space, lockout/blockout, respiratory protection, etc... and forms and checklists to assist employers with creating OSHA-required programs other than those in the 2-Volume Guide.

Who We Are

North Coast Builders Exchange has been providing services to the construction industry in Sonoma, Mendocino and Lake Counties since 1954. With over 1,500 members, it is the largest builders exchange in California. Services offered include: Group health and workers' comp insurance, group legal plan, online and on location plan room, advertising and promotion, seminars/workshops, green building services, and member events.
