## BUILDING PERMITS UPDATE

Now NCBE Members can get the very latest up-to-date and detailed information on projects throughout the North Coast area for which plan checks have been requested and for which building permits have been issued by subscribing to *Building Permits Update*.

### This 'hot-off-the-press' information includes:

- New Projects for which plans have been submitted to a local building department for plan check
- Ready-to-Go Projects for which building permits have just been issued
- Detailed Project Information including project type, size, valuation, and description
- Valuable Contact Information including property owner, contractor, and architect names addresses, and phone numbers

Use this timely and valuable information to contact project owners, builders, and designers to solicit work for your firm. Whether you are a General Building Contractor, Specialty Subcontractor, or Material Supplier, this NCBE member service can mean more work for you!

Now through *Building Permits Update* you can have this important information mailed direct to your office every week!

## ADDITIONAL UPDATE SERVICES

### DAILY PROJECT UPDATE

Get the latest up-to-date information about projects-out-to-bid faxed direct to your office!

During each week, between issues of the weekly *Building News*, NCBE receives new projects and updated project information. This information is sent out in the next issue of the *Building News* a week later. Through *Daily Project Update* you can have this important information faxed direct to your office!

### SELECT PLANS SERVICE

To assist NCBE members who are owners, general contractors, architects, and engineers, NCBE now offers *Select Plans Service*. This new service allows the NCBE member to drop off a set of plans (one or more sets with specs) at the NCBE plan room for bidding by a SELECT list of subcontractors and suppliers. Through this service,

general contractors, design professionals, and owners can directly control and manage the specialty contractor and supplier bids they receive on their private projects.

### SELECT LIST REFERRAL SERVICE

To assist NCBE General Contractor members who want to make contact with NCBE member Architects and Engineers for future project opportunities, NCBE offers the *Select List Referral Service*. This service allows the NCBE General Contractor member to present his or her company's experience and qualifications to interested Architects and Engineers who are seeking qualified contractors for future projects. The *Select List Referral Service* provides NCBE member Architects and Engineers with a new source of contractor information with which to develop their *Select Lists*.

**Call NCBE for more information (707) 542-9502.**
